Trellix

ARE YOU READY TO BE A

Security Superhero?

No business is too small for a cyberattack. How do you know if you're a target?

Cyberattacks are targeting more markets

SUPERPOWER:
TEAMWORK

With Trellix Helix Detect, you can turn your team into superheroes with the foundation needed to protect your workloads and data from malicious activity and unauthorized behavior.

CHALLENGE:
ALERT FATIGUE

Companies average

10K

security alerts daily.[1]

EFFICIENCY

Today's cyber security professionals often struggle with security alert fatigue. Helix Detect can improve analyst and security operations center (SOC) efficiency by correlating and prioritizing disparate events into rapid threat remediation with built-in playbooks.

CHALLENGE:
SILOED TOOLS

Enterprises use an average of

130

security tools.[2]

SUPERPOWER:
INTEGRATION

With an interface showing immediate situational awareness, Trellix Helix Detect integrates over 650 security tools, bringing together your security data and infrastructure, and detecting security incidents by merging data from multiple tools.

CHALLENGE:
RESPONSE TIME

It takes

30:00

minutes to triage
a single alert.[3]

INSIGHT

Helix Detect features in-depth dashboard
visibility across your ecosystem, especially
Amazon Web Services (AWS), so your team
can respond to issues quickly.

CHALLENGE:
UNAUTHORIZED USERS

1,000

malicious attacks are detected every minute, according to Trellix.

ARTIFICIAL INTELLIGENCE (AI)

Helix Detect prioritizes the top threats identified across your organization and uses advanced AI to spot risky users and behaviors.
CHALLENGE:
LIMITED BUDGETS

61%

of CIOs are increasing cyber/information investment.[4]

AFFORDABILITY

Organizations with limited cybersecurity budgets and small security operations (SecOps) teams can employ enterprise-grade solutions for their security stacks with Helix Detect.

CHALLENGE:
MANUAL INVESTIGATION

9 AWS services integrated

SUPERPOWER:
DEEP AWS INTEGRATIONS

Eliminates all manual work for customers by instantly feeding key telemetry and security findings.

AWS Network Firewall

AWS Security Hub

Amazon GuardDuty

Amazon Inspector

Amazon CloudWatch

AWS CloudTrail

Amazon Simple Storage Service (Amazon S3)

Amazon Route 53

Amazon Virtual Private Cloud (Amazon VPC) Flow Logs

HELIX

Be a Security Superhero
with Trellix Helix Detect.

Trellix Helix Detect is a SaaS security operations platform that gives you more control over incidents, from detection to response.

Trellix and AWS have come together to expand security capabilities on the cloud and uncover cloud-specific threats. Trellix offers solutions available in AWS Marketplace.
